

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Students from all ethnic, cultural, linguistic and socio-economic backgrounds come to the institute with already-constructed knowledge, including their home languages and intrinsic cultural values, acquired in their home and community environments. The institute believes that acquired values are the external values developed from one's own experiences due to immediate environments. It is here where the institute considers its responsibility to shape the students mind aligning them towards their constitutional obligations.

At B.Arch level, an election is conducted for the post of General Secretaries and Council committee from fourth year for each division separately. The respective division students elect their council, who perform various activities, events and curricular activities throughout the year.

The whole process showcases democracy, governance and teaches students, rights and duties towards the college and community at large.

At first year UG level, a course on democracy, election and governance is mandatory to introduce students to the various approaches of democracy and governance. At PG level, a course on constitution of India and rights is mandatory. The code of conduct further defines the roles and responsibilities of students, teachers and administrators which gives guidelines to the people of institute to rightly conduct themselves.
